Latvian Society for Quality (KVALB)

i KVALB was founded on October 2011 with the objective to develop competence in the area of quality management. It organises events on quality management issues, methods for effective operations and implementation of good management principles, as well as cooperation and experience exchange events to promote improvement of competence and sustainable development.

Benchmarking tool for Quality Assurance
in European Training Institutes

**BEQUAL.net – Transfer of BEQUAL tool
and development of a
Community of Practice
for Quality Assurance in VET**

What is BEQUAL.net?

Bequal.net is Erasmus+ KA2 project that aims to develop quality assurance in VET institutions through promotion of self-evaluation, quality benchmarking and networking in VET.

Self-evaluation tool that is based on European Quality Assurance Reference Framework in VET (EQAVET) exists already in 12 countries, expanding its techniques for quality assurance in Vet to three more countries – Latvia, Czech Republic and Finland.

The project targets:

- ✓ VET providers
- ✓ Policy makers and consultants

How can my organization benefit?

VET providers

- ✓ use Benchmarking tool to evaluate performance of your organization in the framework of 4 phases of EQAVET quality cycle that will help you to identify both strong and weak points of your organization
- ✓ view good practices of other organizations that represent the most effective way of achieving a specific objective
- ✓ share your good practices if something works really well in your organization
- ✓ participate in the events organized in your country
- ✓ visit project website www.bequal.info to find varied information on the topic of quality assurance in VET

Policy makers and consultants

- ✓ visit www.bequal.info and find newest statistics on national and European level
